INTRODUCTION

Ever wanted to have a puppy of your own? Now you can! Make five different furry friends in Dogz Fashion! Choose from popular breeds like Chihuahua, Miniature Dachshund, Toy Poodle, Welsh Corgi, and Yorkshire Terrier. Hurry! Your new puppy friend is waiting!

STARTING THE GAME

Once you start up, you'll see the Main Menu:

Move through the options using the +Control Pad. Use the A Button to make your choice:

- **New Game:** Exactly what it sounds like! This is the only choice you'll have if you're playing the game for the first time.
- **Continue:** Choose this to play from where you left off. Select the game you want to continue with and then press the A Button. CAUTION: Do not turn off the power while game is loading.
- **Quiz:** Look over quiz questions that have appeared earlier in the game.

CHOOSE A CHARACTER

Before you start the game, you have to make up a character to play as! Enter a name for your character by scrolling through the letters with the +Control Pad, then use the A Button to select. (If you need to make corrections, use the B Button.) Under Gender, use the A Button to choose boy or girl. When you're finished, hit Confirm (or press START to make the cursor go there automatically).

NOTE: The input mode can be changed by pressing the A Button on the menu below the screen.

PICK YOUR PUPPY

Cycle through the different puppy breeds using the +Control Pad until you find the one you want, and then press the A Button to select it. After choosing a breed, name your puppy the same way you named your character.

BEST FRIENDS!

You will get to bathe, feed, brush, and play with your puppy, plus take him for walks in the neighborhood (where lots of interesting things can happen). The more you take care of your puppy and give him attention, the more he will love you! Plus, you can dress him up in adorable puppies-only gear! Use coins you earn to buy fashion items and put together new outfits for your puppy. Find all the items in the game to have a super-fashionable puppy!

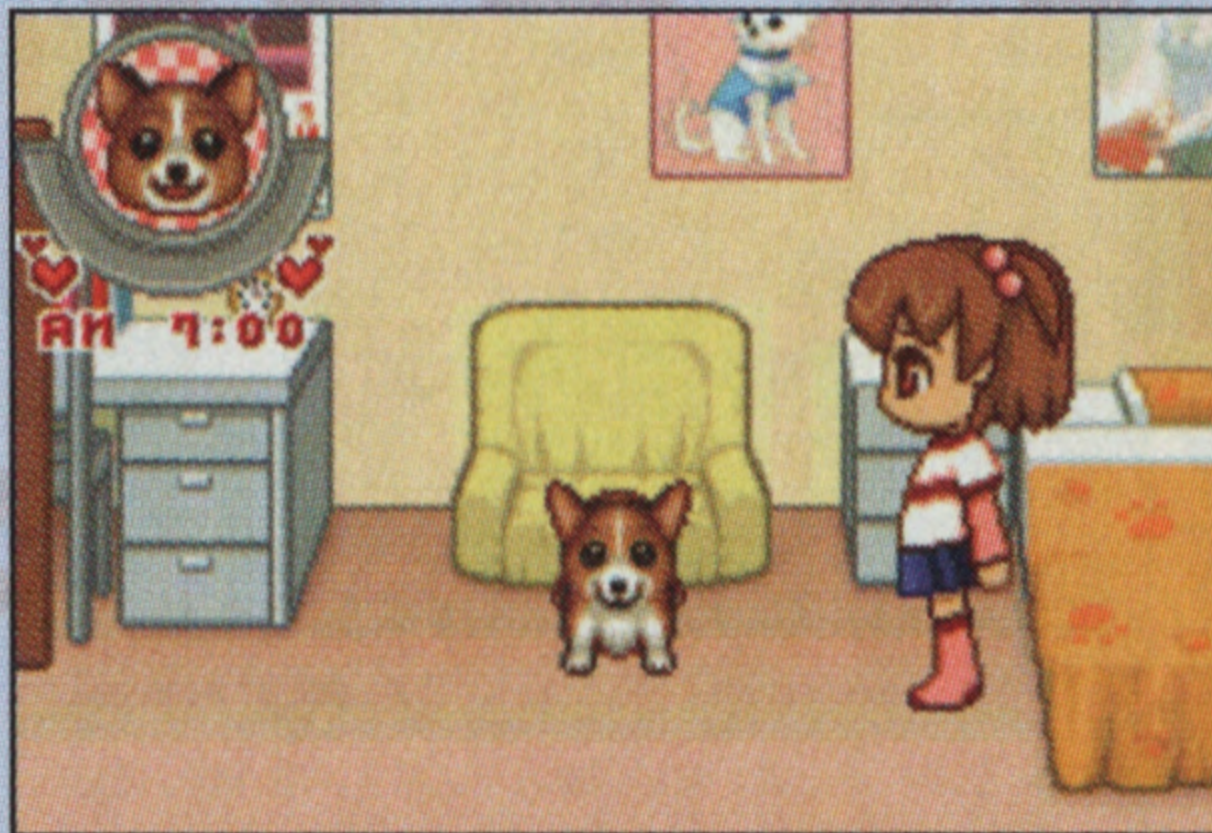

READING MESSAGES

When a message appears, you can scroll to the end by pressing the A Button. If you hold the A Button down, the message will scroll even faster.

FLOW OF THE GAME

HOME SCREEN

In this game, you move between the Home screen and the Map screen. Home is where you take care of your puppy, and the map is what you see when you and your puppy go for a walk.

This is where you and your puppy live! Here you can feed and bathe your puppy, practice tricks, and spend quiet time hanging out together.

MAP SCREEN

On the Map screen, you go on a walk with your puppy by rolling the dice. Depending on where you land, different things can happen. Read on to find out more!

PUPPY LOVE!

The love level meter tells you how close you and your puppy are. When you take care of your puppy and give him lots of attention, his love level will go up.

Feel the love!

TIME

Time progresses on its own in the game. When it's night, it's time to go to bed!

When morning comes, a screen shows how many days you've had your puppy. When you're done reading this screen, press the A Button to start the new day.

GAME MENU

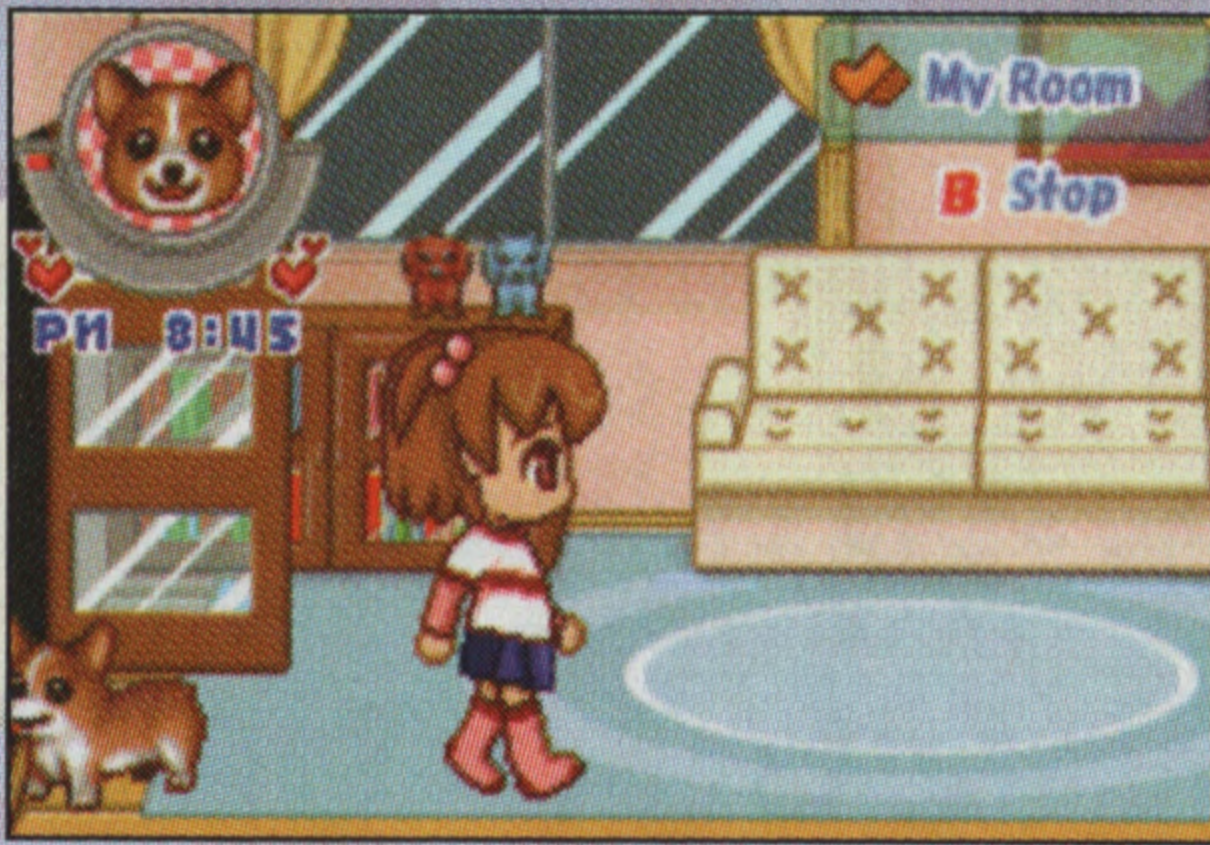

From the Home screen, press the A Button to bring up the game menu. Pick a menu item to take care of the puppy (watch you don't use all your items!). The options you see will depend on your puppy's love level and the kinds of items you have.

GO TO

To move around the house, choose a destination:

- **My Dog:** Hang out with your puppy!
- **My Room:** Go to your bedroom.

TRICKS

As his love level rises, your puppy will learn new tricks. He can get better at tricks he already knows, and learn new ones!

- **Paw:** The puppy will shake your hand.
- **Sit:** The puppy will sit.

PRAISE YOUR PUPPY

When your puppy does a trick successfully and “A: Praise” appears on the screen, press the A Button to praise the puppy. If you praise the puppy, his love level will go up.

NOTE: The puppy will learn tricks in other ways, too.

PLAY

When you get a play item you will be able to play with your puppy.

- **Ball:** Your puppy will play with a ball.
- **Hold:** You can pick up your puppy and cuddle with him!

There are other options as well!

WHAT MAKES THE LOVE LEVEL GO UP?

When you use any of the puppy options – Care, Tricks, or Play – the love level will go up. There are also chances to increase, and sometimes decrease, the love level when you go on a walk with the puppy (see the Map section for more information.)

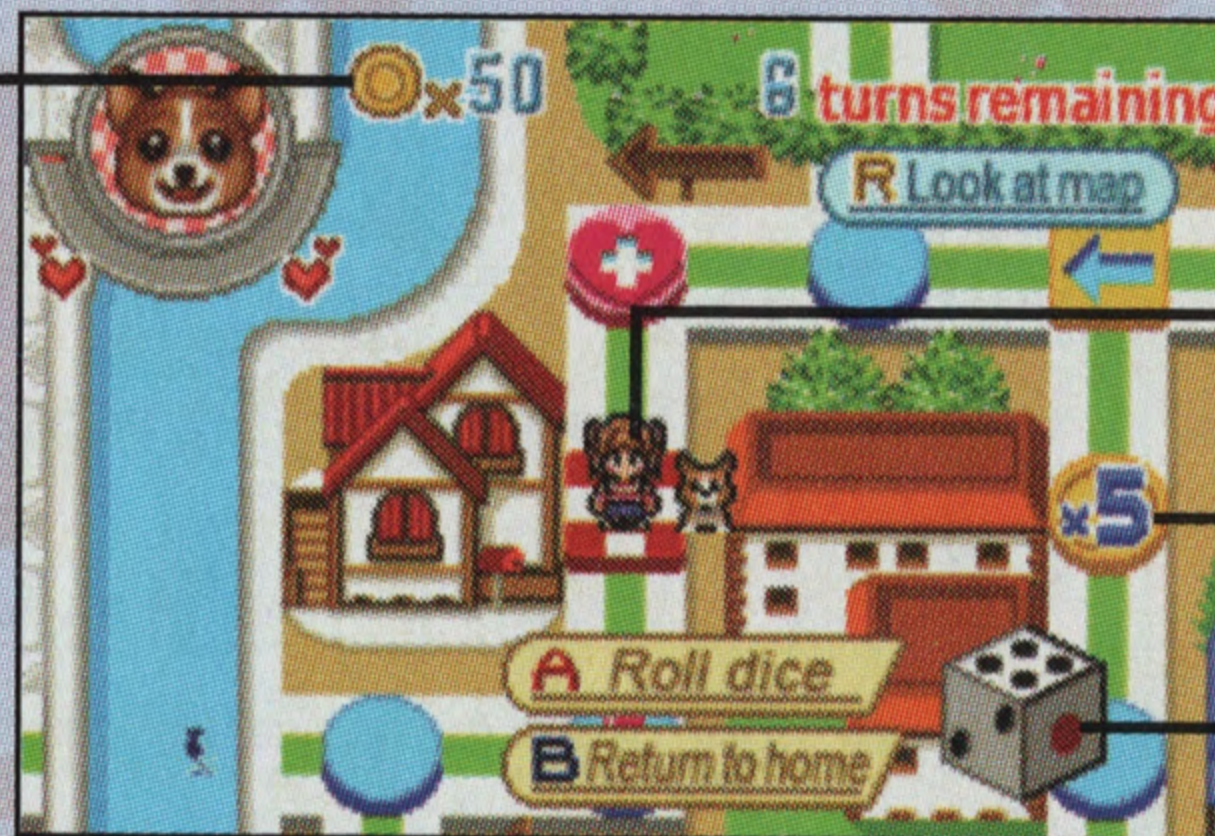

As the love level increases different things will happen. More menu options will become available, as well as more outfits! Find out on your own what else happens.

THE MAP SCREEN

When you choose Go for Walk under Go To in the game menu, you will move to the Map screen. Roll the dice and go on a walk with your puppy. Walks will give you chances to increase your love level and obtain fashion items.

INTRODUCING – THE PUPPIES!

Chihuahua

The popular, doe-eyed Chihuahua is very smart and easy to train!

Miniature Dachshund

A charming breed with a long torso, short little legs, and a happy demeanor!

Toy Poodle

Known for their elegant coats, these poodles are pretty but a little bit mischievous.

Welsh Corgi

Their big ears and sweet, stubby legs are the cutest! A very friendly breed.

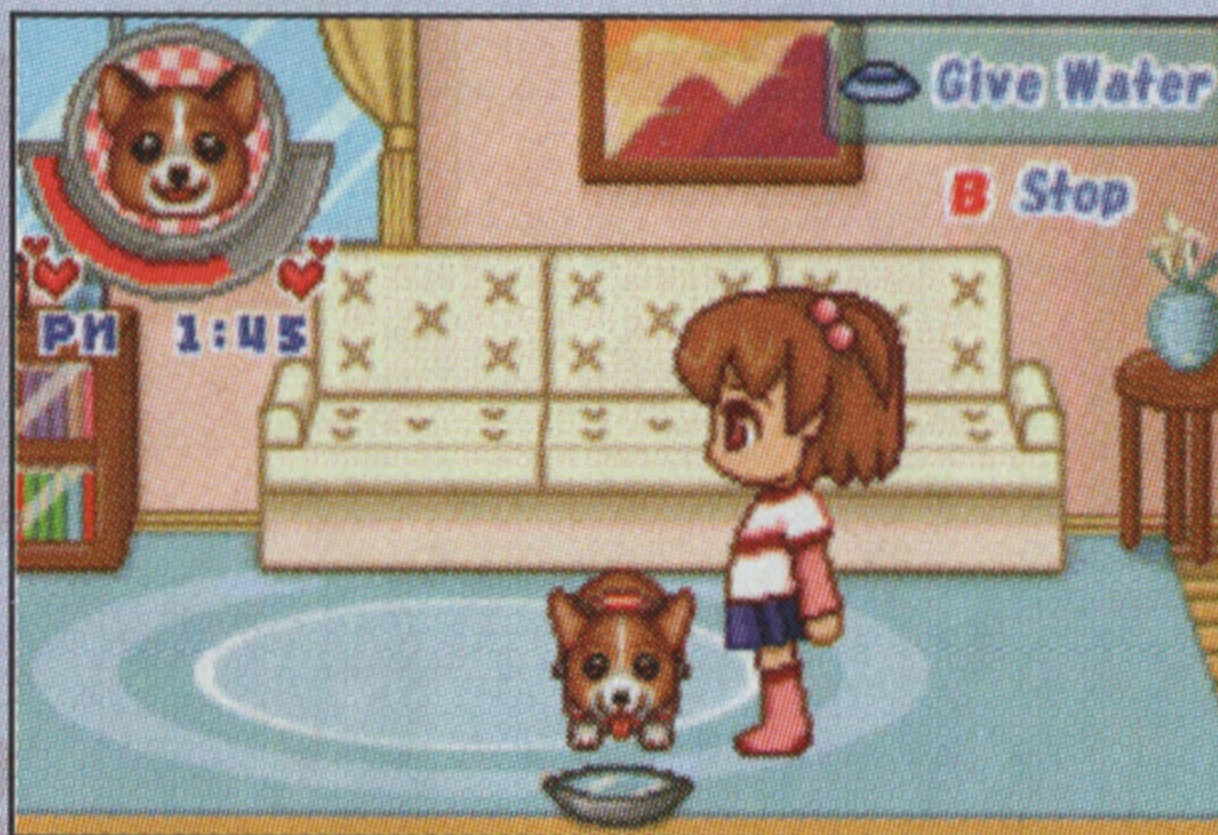

Yorkshire Terrier

A tiny bundle of furry love! Terriers are sweet, but they can get a little lonely.

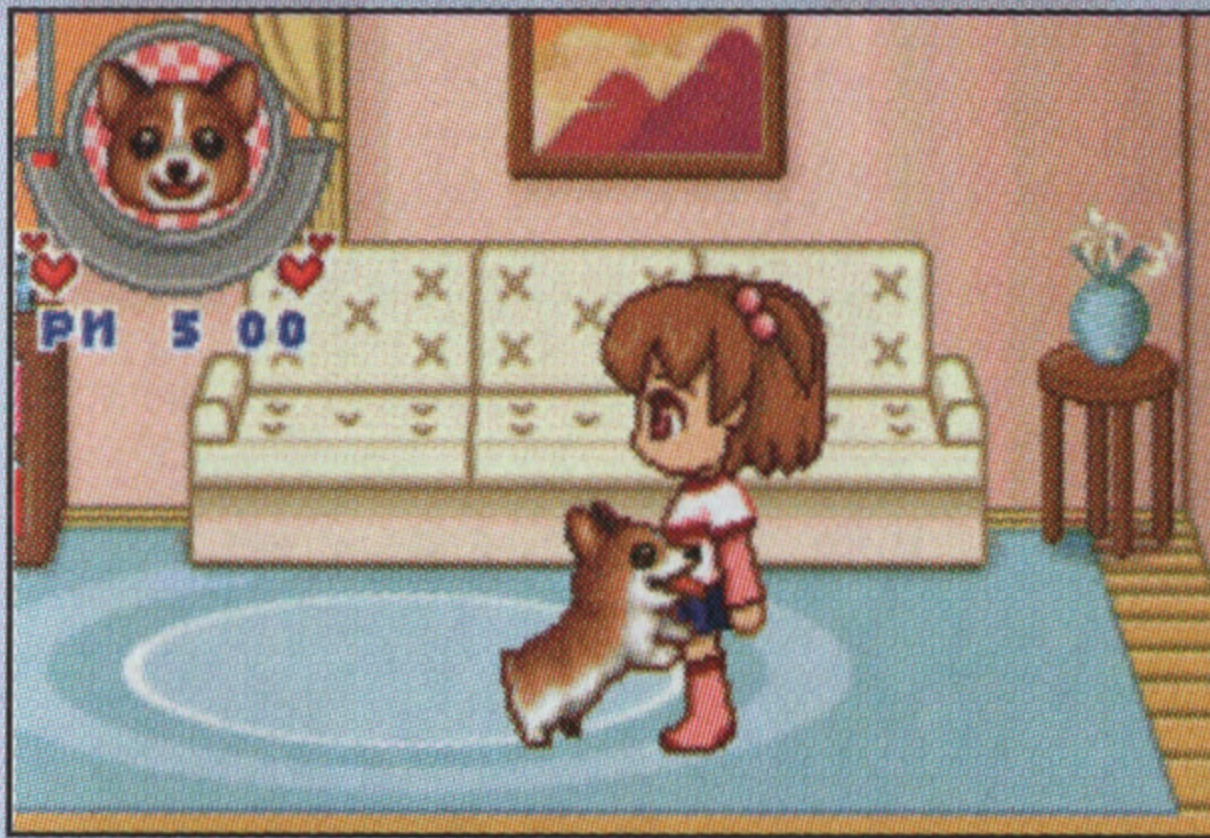

HINTS AND TIPS

Get friendly with your pooch, go on walks, and collect fashion items.

When you first wake up, give the puppy water and food.

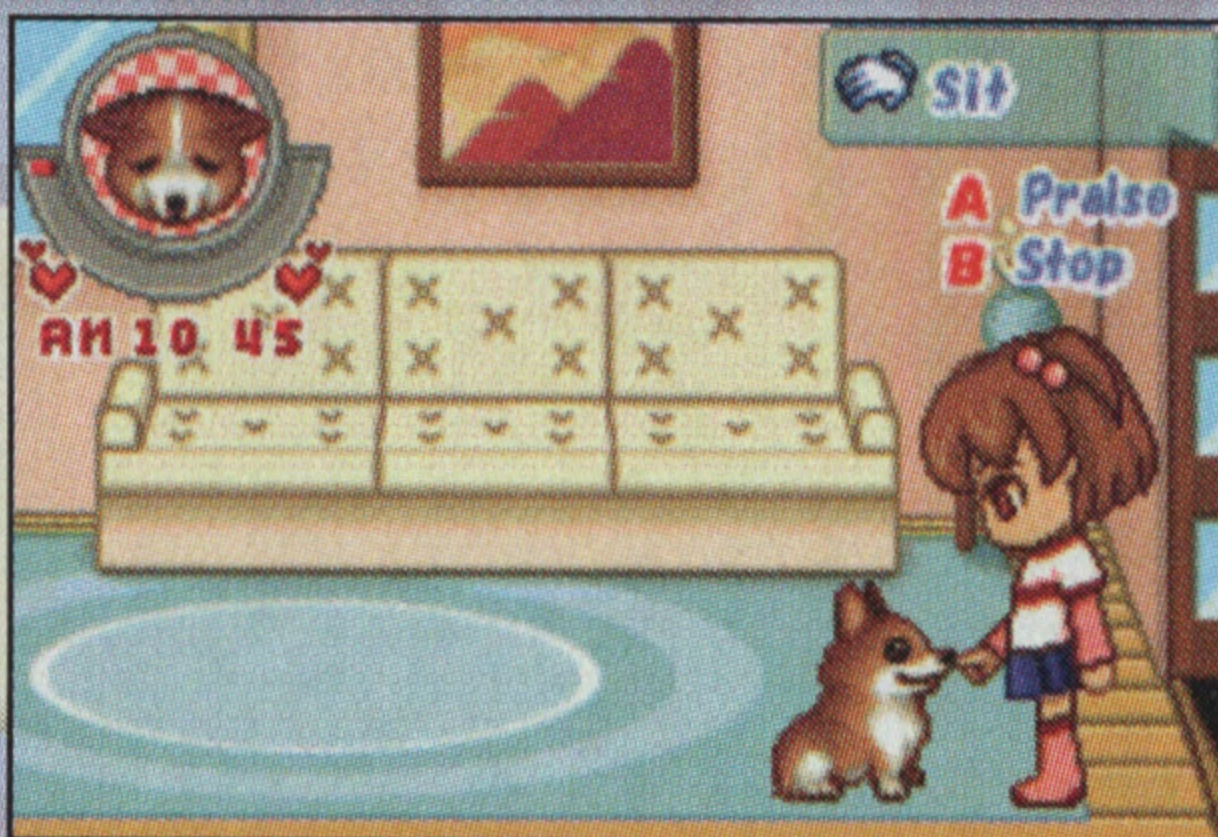

Pay attention to your puppy's behavior. He'll have a tendency to come to you when he's hungry or thirsty.

Giving your puppy food and water makes the love level go up a lot!

Shampooing and brushing him when he is dirty will also make the love level go up.

The puppy will get better at tricks with practice.

Don't forget to save your game when you're ready to take a break! See page 24 for instructions on how to save.
